

# Electronic Monitoring Report

## January 2009

### Offenders on EMS

At yearend 2008, 610 offenders were on some form of electronic monitoring (EMS), per the Iowa Corrections Offender Network (ICON). This represents a slight reduction in the number on EMS one year ago. The primary reason for the decline is reduced use of EMS for non-mandatory cases, in an effort to contain costs.

The Iowa Division of Criminal and Juvenile Justice Planning continues to project a large increase in offenders admitted to community supervision who will be required to be on EMS. Their updated projections estimate about 2,324 additional offenders on EMS by mid-year 2018.
